Perennial Plants

These are recommended to the southern grower and gardener for planting out in open beds, and in localities where weather is severe this stock may be bedded or potted in a cool to cold house, cold frame or protected bed to grow on into stock for the spring market. We sell thousands of these plants yearly to our own retail trade here at the gardens.

Delphinium Seeds

PACIFIC GIANTS

A new strain originated on the Pacific Coast. Huge flowers, 2½ to 3½ inches in diameter, beautifully spaced on well balanced spikes. The woody stems well resistant to mildew. This strain is the nearest 100 per cent double available. A group of stock you will hear more of in the future. Stock will probably be limited this year.

Salvia Seeds

Due to the instability of the viability of much of the Salvia seeds offered at lowprices, we suggest that in compar- ing the stock offered here, it be remembered that we offer only seeds from a prominent and reliable American Salvia specialist. Please do not compare them with imported seeds of doubtful origin.

Florist Stocks

Free Air-Mail Service

On Seed Orders

READ CAREFULLY

Continuing our past policy of modern service, we will prepay additional Air-Mail post to any point in the United States on all seed items priced at the rate of \$2.00 per ounce or more; providing that your order is transmitted to us by Air-Mail and amounts to \$2.50 or more; without additional cost to you.

Otherwise, Air-Mail delivery may be obtained at the prevailing rate.

Saving in time to eastern points by using Air-Mail is about 50 per cent.

It is impractical, due to cost, to ship bulbs or plants Air-Mail.

Conditions Of Sale

Quotations wholesale for the professional trade.

PRICES as quoted, are net on a basis of cash with order. All orders not accompanied by remittance, and from parties who have not established credit with us will be forwarded C. O. D. when for seeds.

ALL bulbs and plants CASH WITH ORDER except by special arrangement.

REMITTANCE may be by any of the usual commercial methods. We do not accept stamps in place of remittance. Patrons outside the United States of America must remit in American funds, either by draft or money order. C. O. D. shipment or credit sales not made outside the U. S. A.

ALL ORDERS are received subject to supply available and crop conditions or any other situation beyond our control. Present business conditions also makes it necessary that we reserve the privilege to adjust our prices or terms without notice, to conform with varying conditions which may occur after this list is published.

SHIPMENT of seeds are all prepaid by insured post. Air-mail delivery service in the United States may be obtained without additional charge in accord with the conditions set forth above. All other stock is priced with delivery at the transportation office at Grants Pass, Oregon. Thereafter stock travels as the property of the purchaser and responsibility for safe delivery rests with transporting agency. In the event that loss is incurred in transite claim should be filed immediately with transport agency and full particulars of action be given us. While we can not insure such matters, our fullest co-operation will be given in obtaining proper adjustment in rare cases when such action may be necessary.

OUR RESPONSIBILITY: In view of the reasonable prices quoted herein, and the varied growing conditions under which the stock offered will be grown, it is manifestly impossible for us to warranty in any manner the crop resulting therefrom.

Ordering from this list will be definitely construed as your acceptance of these terms, and the limitation of our liability for any cause to an amount not exceeding the actual purchase price.

Seed And Plant Specialties For Fall

ITEMS OF ESPECIAL INTEREST THIS SEASON

We are featuring an extra fine line of Petunias this fall which includes two cutting propagated Harrold originations; Oregon Beauty and Shasta Beauty. These are outstandingly double, compact growing and the finest pink and white available today.

In seeds of Petunia we are offering a larger line with many strains of the latest breeding from Americas outstanding Petunia Breeding Specialists. We have confined our present line to ALL AMERICAN GROWN SEEDS where possible as experience indicates these to be more satisfactory in our American growing and market conditions.

Our double Petunia seeds this year will mostly be American grown instead of imported. The Japanese bred and grown All-Double "Victorious" and "Triumphant" can be supplied as in the past. We are, however, introducing American bred and grown SUPER-double Petunias that will prove most interesting to you this year. Personal growing experience has raised in our mind the question as to whether the imported "All-Doubles" are retaining the desirable quality originally introduced. We offer the newer American Super-Double as to our mind, being more desirable.

This new strain is available in a fine mixture and seven separate colors. They are about 12 inches tall and will reproduce about 95% double and semi-double of the most useable types. We suggest a careful consideration of this group elsewhere in this folder.

We also suggest the following new Petunias as worthy of your careful consideration. Super Fluffy Ruffles Mixed, Dwarf Elk's Pride Hollywood Star, Balcony Rosy Morn, Rose Crepe de Chine, Giant Marilyn and Salmon Supreme. You'll see much of these.

It is and will always be our constant effort to supply all of the worthwhile things among our Florist specialties. Things that are not specialties from our own gardens are carefully selected from the workshop of the specialist of outstanding success with the item supplied. Frankly we believe we can supply unexcelled strains in every case. We shall always endeavor to do so.
